## TESTIMONIALS

“A very original way of better perceiving different cultures in a work environment... by mixing stand up sketches and role playing, Michele helped us to take a step back and reflect on concrete and pragmatic solutions to our problems”

**Maryse Gontier**  
COO HP Services

“Michèle made us think by generating laughter. Her characters and their faults reflected our own exaggerations, fears, foibles... by her smiles, her magnanimity and the space created by her humour, we understood that we have the power to make change happen”

**Hervé Dufoix**  
HR Director AFPA (Training industry)

“A spoof speech on Equality in the Workplace was a smart way of tabling this issue and prepared us for debating with lots of laughter! Thank you COME INC!”
